

Overview of the Company

SUNZ Insurance is a national workers' comp company headquartered in Bradenton, FL and develops unique workers' compensation programs, delivering innovative and tailored solutions to protect businesses and their employees. SUNZ focuses on providing positive energy in a risky world, and understands its clients need for fluidity, offering workers' compensation insurance options that do not begin and end with the printed policy. SUNZ believes that a safe work environment and healthy workforce is the foundation for a successful business.

History of the Company

Founded in 2005, SUNZ Insurance was established with the objective to help PEOs, staffing agencies, and large companies develop, implement, and manage workers' compensation plans tailored to each clients' unique needs.

Services

Safety and Loss Control – SUNZ offers solutions to identify, mitigate, and prevent risk. Its professionals have ample experience in a wide range of industries, enabling them to provide technical safety and health consultations to decrease risk. SUNZ provides policyholders with a comprehensive 24/7 web-based Risk Management Center to proactively manage workers' compensation risks. This promotes injury prevention, best practices, regulatory compliance, and ultimately lowers clients' insurance costs.

Claims Management – SUNZ partners with Next Level Administrators (NLA), a performance-based company that advocates for SUNZ's policyholders. Next Level Administrators is a team of trained and licensed claims adjusters that help create goal-oriented workers' compensation programs, to return employees back to work quickly, efficiently, and reduce claim costs.

Fraud Investigation – Fraud management is fundamentally necessary in order to achieve claim results that satisfy policyholders' goals. SUNZ partners with Watchpoint, a team of professionals that identify, investigate, and report suspect claims to anti-fraud bureaus. SUNZ takes pride in delivering the highest level of claims-handling service through excellent fraud management.

Standalone Policies – As well as working with PEOs, staffing agencies, and large companies, SUNZ develops and provides unique workers' compensation policies for niche, small businesses. SUNZ partners with Cimarron Insurance Company to utilize its Cover One and Cover Two products. These products provide workers' compensation insurance to policyholders too small to qualify for the master policy.
